CASE STUDY 02 / FINANCIAL SERVICES

Expenses that used to take two weeks now clear in 48 hours

Power Apps • Power Automate • Power BI

A 120-person finance team was drowning in paper expense claims and a monthly finance day. We shipped an expense app with receipt capture, budget checks and a transparent approval chain, plus a Power BI view of spend by department.

48 hrs	Expense claim turnaround (was 2 wks)
90%	Claims with no manual re-keying
1 view	Spend by department, live

“Finance finally trusts the numbers. And staff stopped losing receipts.”

Head of Finance, financial services client | Stack: Receipt capture, budget checks, Power BI spend view
